Re: Classroom ceiling repairs Swallows and Barn Owl classes update

Dear Parents and Carers,

We are pleased to inform you that the ceiling repair work in Swallow Class has now been successfully completed. Thank you for your patience and understanding during this time.

Unfortunately, we have been advised that the ceiling in Barn Owl Class also requires remedial work which will require the children to move out of their classroom. To minimise disruptions and any unnecessary class moves, Swallow Class will remain in the art block. **A reminder that on Friday, 10th January, Barn Owl Class will temporarily relocate to the Swallow classroom while the repairs are carried out.**

For the duration of these repairs, children in Barn Owl Class should be dropped off and collected from the **main entrance**. The work is expected to take approximately 3–4 weeks at which point both Barn Owl class and Swallow class will move back to their own classrooms. We will keep you updated with any changes and progress regarding the repairs.

Apologies that a further move is required for Barn Owl class. This move is beyond our control.

Sadly, Miss Collier is absent this week with the flu. We wish her a speedy recovery and look forward to her return next week.

Thank you for your continued cooperation and support. Should you have any questions or concerns, please don't hesitate to contact the school office.

Shefa Roberts and the Freethorpe staff
Head of School
